We mentioned having a meeting specifically for clothing with our best friend (michael). Clothing options would be hoodies, crewnecks, sweatpants, masks, pins and stickers. joining the parents committee in order to see what they're thoughts on the year book are is important megan , clayton and benja would attend those meetings as well as anyone else who would like to once they approve, in the end we may need to ask people to help with

that or we may need to do it ourselves we; could always borrow cameras from the photography club or ask them to make it a project for them. For bottle drives we need more people and might advertise in the star and or broadcast on CKRW.

As far as grad venues we are thinking about the takhini arena as to fit more people! There would be draws every few hours at prom (12 in total) prizes increasing in value the later it gets. Prom would be from 7pm-1am. As for photographers for the grad we are thinking of hiring starflower photography or asking some kids from mercier to photograph since we plan to invite them to our grad. Plus ones will be allowed and given identification to avoid plus ones being transferred.

As far as themes go clayton suggested hollywood/red carpet which from what it seemed in the meeting we are all excited about, advantages to this theme are we dont have to worry about clashing colours with anyones outfit, parents can see us but don't have to go to the prom (they can watch us walk the red carpet and take pictures as we do so; like paparazzi), and it would look timeless. We still need to put a suggestion box onto the grad board so that we get to hear everyone's opinions and don't face backlash for not asking if there are other ideas out there, for catering we would do food trucks.

For the fashion show if you know any business owners or just anyone who would like to make donations in general whether it be to the fashion show or to other events we are responsible for please talk to them and or let us know and we will talk to them if you're uncomfortable doing so. The email listed at the top of this page is now our committees email so if there are interested donors then feel free to give them that contact info or the number 1(867)334-3927 - benjas phone number so that she can coordinate and make sure they are really interested before getting them to speak with the treasurer on the parents grad committee as to not waste her time with people who aren't actually interested.

For our next meeting there will be some topics that we need to discuss prepared so that our discussions are a bit less over the place and we can prioritize the right things at the right time (of course there will be open discussion as well because the collaborative idea discussions can be super constructive!)Thanks for reading (if you did) and see you next thursday!(If you have and helpful criticism on what could make this meeting summary better please let me know - benja)
