

Class reps

Second meeting

Megan Roche, Clayton Chapman, Benja Brauen-Alwarid
gradfh22@gmail.com

November 15th 2021

members/ meetings attendants:
Megan, Clayton, Cassi, Cadence.

Clothing:

Have both embroidery and screen printing as an option.

- Consult and compare both companies.
- We should have choices.
- We should get this sorted out before Christmas given that it takes quite a while to get them in.
- Masks: you get a mask and have the option to buy more if you would like.
- We need to tell the parents we want the masks and consult with them.
- Options: Hoodies, crewnecks, masks and crewnecks are what we want.
- Look at the prices to decide the options we can decide.
- We can do a poll and a google form to decide if we want both hoodies and crewnecks or if we also want sweatpants.
- We should have a meeting with michael.

Social media:

- Take over the fh ig account?
 - Ask Jansen for code.
 - Talk to counsellors and ask them to send out emails for different events.

-
- Make an email for grade twelves saying : here's our facebook and were doing a cookie drive and need people to bake cookies, come and check in because we're going to be doing a poll for grad clothing, and here's where the grad board is ...
 - Cookie drive is done mostly by social media , ask counsellors to send it out? Make a pamphlet, talk to people.
 - Talk to parents and local news centers to distribute our messages and event updates.
 - disco?
 - Nut free cookies:
 - We should have a nut free option but cannot guarantee that there's no nuts near where they are being made.
 - Parents and family members or friends are allowed to bake as well but we want the majority of it to be grads and we want to reduce the amount of store bought cookies.

 - We reiterated the ideas we have for fundraisers: can be found in the first meeting notes.

 - Talk to treasurer:
 - ask how they want their budget to be used and what their plan is.

 - Yearbook:
 - Have a slideshow at prom and cap and gown instead of a yearbook and we all get a USB.
 - We need someone to take this on.
 - If we do a yearbook we need to have someone take that on as well.
 - Have an interviewer?
 - Talk to Toews to get photos.

In the first meeting we talked about deciding who wants to be in charge of which activities but never actually decided i just wanted to say that i definitely didn't want to take any projects away from anyone by saying that i was going to start working on stuff i just wanted to get started on doing things since were quite behind and wasn't sure that anyone else wanted to work on those things. I'll message the group chat to see who wants to do what because not everyone checks the classroom.

Once again if anyone has anything I can improve on feel free to let me know so that these notes work better for you !

thanks,

Benja.
