Seventh meetings notes

Clayton Chapman, Megan Roche, Benja Brauen-Alwarid

Bottle drives:

The letter being given to the businesses has been written!

- We have asked members of the student grad committee to hand these out and contact businesses.
 - We've asked that if the members of the committee know someone at a local restaurant or bar to please reach out to them and let us know AFTER they have done so to confirm that they have actually been contacted.
 - We have a list of businesses to contact and we will contact as many as we can within the student committee. any businesses that haven't been contacted by us will be contacted by members of the parent committee
 - Pickups for the bottles will be scheduled with the convenience for the business in mind.

House-hold bottle drives will be done separately from the business ones. A sign up sheet will eventually be made as well as an announcement (after the winter break).

Raffle prizes:

- We have a list of prizes from last year as a reference!
 - Members from the student committee have also been asked to go to local businesses they know who may be willing to donate something (either money or prizes).

Boston Pizza receipts:

- There will be an announcement or some form of advertising made after the break
-

(or once they are talked to by Clayton) to encourage students to eat at Boston Pizza and bring us back the receipts which we will keep in a box. At the end of the allotted time we will return these receipts to Boston Pizza and will be given a portion of the sales that will go towards our funds for graduation. A student from the committee will be making a box to keep these receipts in.

Appreciation/Acknowledgement:

- We would like to keep people updated on how much we've raised for graduation, a way of doing this would be to create a thermometer shaped poster and fill it up every time we raise money, we believe this will help people in the grad class realise not only how much we actually need to raise but also a way to show them just how impactful they're help has been so far and that we recognize just how far they've helped us get.
- Another idea was to have a thank you of some sort at cap and gown to all of the businesses/donators we've had during this year to thank them as well as a letter to the businesses/donors who have helped us fundraise.

It was a bit of a short meeting today so there weren't too many points that needed to be covered, as always please let me know if there's any way I could make these notes better for you and thank you for reading them :)

-Benja
